There's a strong push in the gardening world to plant native trees, shrubs and plants. Want to know why?

Save the birds of Northern Virginia!

Baby songbirds eat only insects, not seeds. And most insects can only eat native plants. *Without the birds and insects to pollinate our plants, guess what happens to our food supply?*

Save the butterflies in your own yard!

Adult butterflies sip nectar from a wide variety of flowers, but their caterpillars almost always require the native plants with which they evolved. Many of our native bees

also require specific native plants for their food. *Did you know that the Oak supports more life-forms than any other North American tree genus, providing food, protection or both for birds to bears, as well as countless insects and spiders, among the enormous diversity of species.*

Save the rest of the living world!

Our entire ecosystem depends on native plants, which are being excluded in agricultural and urban areas. It is in our suburban areas—right here in Northern Virginia—that we have personal control of our properties and can use them to reverse the declines of pollinators, fireflies, bats, frogs, etc.—the entire more-than-human world that surrounds us. *This fact deserves consideration when we're choosing what to add to our home landscapes.*

Support clean water!

Rain water should be filtered through the ground before it reaches our streams. Lawns made of turf grass—which comes from Europe—create a nearly impervious surface that leads to uncontrolled run-off into our sewers, and flooding and erosion of our streams. Native trees and other plants capture that rainwater and prevent sediment and pollutants from destroying the Chesapeake Bay. *You'll note that the CountrySide pond's buffer has only recently been widened to 2-3' to enhance its 'catch' of run-off.*

Native plants...

- Need no fertilizer
- Need no extra watering
(once established)
- Need no pesticides
- Need no lawn-mowing!

The selection and availability of native

plants has increased substantially in recent years. So, before you decide on how you might want to expand your landscape, do some research and find that perfect native plant to fit your location. A good place to start is www.plantnovanatives.org, the source of much of this article's information. And, be sure to visit our Pollinator garden, planted earlier this Spring in Horsepen Run, to assist in your selection of native perennials.

REALTOR®

Your #1 CountrySide Agent

As a 20 year CountrySide resident, I know what makes our neighborhood special. I also know the thought of moving can be exciting and overwhelming at the same time.

With over 10 years of IT project management and nine years of real estate experience, I am ready to make your home sale and/or purchase as smooth and stress free as possible.

Let's talk about your plans so I can provide all of the support and resources that you need.

Client Testimonial

"When it came time to sell our home the decision to contact Julie to sell our home was a no-brainer.

Watching homes sell in our area for the past few years, Julie was always the selling agent for many of the top comps. While we expected to get a great price for our home, we had no idea the depth of detail and communication that went into Julie's process.

From her reliable list of contractors to her frequent check-ins, follow-ups, and status updates, Julie would make sure we all knew what was going on so that our journey from "coming soon" to "just sold" was smooth and without errors.

Bottom line: Selling a home and moving can be majorly stressful but with Julie's expertise it was as easy as it could possibly be. We would recommend her to anyone looking in the area."

CountrySide Proprietary

WHY DO TOWNHOUSES PAY A HIGHER ASSESSMENT?

Residents who are new to the HOA community, or unfamiliar with the operating budget of CountrySide, might ask why the townhouse monthly assessments are higher than the single family home assessment. The answer is fairly simple: It's a question of who pays for what. As an example: CountrySide single family homes are on VDOT streets—streets that are maintained by, and are plowed in winter by VDOT. That maintenance and plowing is all funded by the taxes paid by single family homeowners, and those taxes can easily run double what townhouse taxes are. By contrast, when a townhouse street needs to be repaired, repaved, or even totally rebuilt, those expenses have to be paid by the homeowners who benefit from the improvements. There are other townhouse-only expenses, but road maintenance is the biggest single difference.

The CountrySide Board of Directors accounts for townhouse-only expenses separately, so that assessments fairly reflect the share of expenses incurred by both categories. Separate Reserve funds are maintained for townhouse-only expenses, and those delineations are shown on the summarized budget presented to the residents after each budget cycle. If you have further questions on this subject, please feel free to contact the Proprietary Office or the Board of Directors.

PARKING IN
COUNTRYSIDE**

Townhouse Parking

Each townhouse property has two assigned parking spaces. Residents should use their assigned spaces for parking.

Visitor Spots...

...are for visitors! A vehicle parked in the same space or visitor spots in the same neighborhood three (3) times in a thirty (30) day period is considered a repeat or chronic offender.

Towing

If you see a bright orange sticker on your vehicle, do not ignore it! Your final warning before towing will be clearly marked.

Commercial Vehicles

This applies to any vehicle designed or maintained for business/profit purposes and to vehicles with a rate capacity 1.5 tons or more. Vehicles may not bear commercial signs, advertising, or visible commercial equipment.

Other Prohibited Vehicles

Inoperable vehicles, abandoned vehicles, boats, trailers, recreational vehicles

Be Courteous!

We recognize that townhouse parking is tight. Be courteous and considerate to your neighbors by not monopolizing the visitor parking. We don't like to call AI's Towing & Storage, but we will!

THANK YOU

Use Your Assigned Spot

Homeowners are able to call AI's Towing & Storage themselves if they find their assigned parking space occupied by a non-authorized vehicle.

Per Republic Services: "If the contractor misses a stop, the contractor will go back and make that pick up that same day when reported to the contractor by 3:00 p.m. If after 3:00 p.m., then the pick up will occur the very next Contractor's business day." **Please report missed collections to**

Trash & Yard Waste Reminders

USE A COVERED TRASH CAN

CountrySide Regulations state:

Article VI, Section 6. Prohibited Uses and Nuisances. (e):

"Trash and garbage containers shall not be permitted to remain in public view except on days of trash collection. No incinerator shall be kept or maintained upon any lot. Garbage, trash and other refuse shall be placed in covered containers."

What this means is you **MUST** use a covered trash receptacle. Trash placed out in bags is in direct violation of the Governing Documents. Also, the use of bags attracts unwanted wildlife leading to an unsightly and unsanitary mess.

YARD WASTE HANDLING

- Brush and limbs must be cut to 4 ft. lengths and bundled with twine in arm-full size bundles.
- Tree stumps and tree limbs (that are larger than 6" in diameter and longer than 4 ft.) will NOT be collected.
- Grass clippings and leaves should be put in PAPER bags (**no plastic bags**) OR in a container marked "Yard Waste"

Payment Plans

CountrySide Proprietary offers its homeowners the option of a written installment payment arrangement for the purposes of satisfying a delinquent account balance. This option is known as a Payment Plan. There are essentially two types of Payment Plans available:

Standard Payment Plan – Enables homeowners to pay off their outstanding balance over a period of ten months. The monthly payment amount is calculated by taking 10% of the balance due and adding it to the regular monthly assessment amount. This plan also requires that the homeowner signs up for Direct Debit/ACH so that the monthly amount due can be taken directly from a bank account.

Non-Standard Payment Plan – Enables homeowners to suggest an alternate monthly payment amount and to make those payments via cash or check. This type of plan is offered for a period of nine months, at which time it will be reviewed to determine whether or not the plan can continue and/or needs to be altered.

Both types of Payment Plans are subject to Board approval. If you currently have an outstanding balance and would like to apply, please contact Catherine Neelley, Community Manager, at (703) 430-0715 or by emailing catherineen.cside@pmpbiz.com.
